(Special to The Times-Dispatch.)
COMORN, VA., Oct. 12.—News of last Friday's wind storm and Saturday's and Sunday's floods are still coming in here, and it is said that no one here ever witnessed such a terrific storm. The wind for thirty-six hours was nothing less than a hurricane of unprecedented severity here.

Great damage was wrought along the Potomac River. Immense barges and sail vessels loaded with railroad ties were blown off the river and wrecked. Near here, were sunk and wrecked, and small crafts were tossed to pieces and thrown up on the beach.
Hundreds of dollars' worth of fodder, yard-trucks, forest fires and other trees were destroyed by the hurricane, and a great part of the country is still inundated.

JUST ONE A DAY.

How the Coffee Crank Compromises His Health.
Some people say: "Coffee don't hurt me" and then add: "Any way I only drink one cup a day."
If coffee really don't hurt why not drink more. There is but one answer and that is coffee does hurt them and they know it. When they drink it once a day they compromise with their enemy. There are people whom you can see every day will put in bed if the habit be continued.
Although warned by physicians to let coffee alone I have always been so fond of it that I continued to use it, I confess, an Ohio lady, "I compromised with myself and drank just one cup every morning until about six weeks ago."
"All the time I was drinking coffee I had heart trouble that grew steadily worse and finally I had such alarming sensations in my head (sometimes fainting) that I fell down (that I lost consciousness) doctor's advice and quit coffee and began to use Postum Coffee in its place."
"The results have been all that the doctor hoped for. I have not only lost my craving for coffee and enjoy my food and Postum just as well, but my heart trouble has ceased and I have no more dizzy spells in my head. I feel better in every way and consider myself a very fortunate woman to have found the truth about Postum." Name given by Postum Co., Battle Creek, Mich.

DRIVEN FROM HOMES

Residents of Princess Anne Suffer by the Fierce Storm.
(Special to The Times-Dispatch.)
BACK BAY, VA., Oct. 12.—The storm that has been raging for the past seventy-two hours is almost without a parallel in its effects and duration and the damage is beyond estimate.

The high winds lashed the waves of the ocean into a perfect fury and the great waters of the ocean rose to such a height that the narrow strip of land separating the waters of Back Bay from the ocean was in many places entirely submerged and the two bodies of water turned into one.

The waters in Back Bay soon rose and submerged many of the houses, which in many instances are inhabited. Those living on the islands had to take to their boats and flee before the wind to the shores leaving their stock to what seemed certain death.

Many of the farmers living along the shores of Back Bay were driven from their homes, the waters coming not only in their yards and fields, but in their houses. Mr. W. W. Bowen, a justice of the peace, for this county, is one of the parties who had to leave his home. Mr. Bowen lives on a good farm and his house is about the average, well built and higher from the ground than some of his neighbors. At the time he left, the water was in his house.

YING MUST BE DEPORTED

Chinaman Found in America in Violation of Geary Act.
In the United States District Court yesterday the case of Chew Ying, a Chinaman, on appeal from the commissioner's decision that he was in this country in violation of the exclusion act, came up for a hearing before Judge Vaddill, with the result that the court sustained the judgment of Commissioner Brady and ordered the Celestial returned to his native land. The case has been pending for months. Ying is a laundryman, and could not produce his check book or certificate that he was entitled to remain in the United States. As a result of the commissioner's ruling, sustained by the higher court, the Celestial will be taken to San Francisco in November and placed aboard a steamer bound for China.

Yee Hung Sung, another Chinaman held on the same charge, still has a hope of remaining. His case was continued until October 27th. In order to give him time to secure the proper certificate to his papers as a returning merchant. These are said to be in the possession of the department at Washington.
Chew Ying will be taken across the continent in company with a heavy of Norfolk Chinese, whose deportation has been ordered. It is not yet certain whether Marshal Morgan Treat will take the men to "Prisco" or whether they will be taken along with others from Boston by another marshal. Any officer would like the trip.

TWO MILLIONS LOSS BY FLOOD

Thousands in Paterson, N. J., Have Neither Food Nor Shelter—Factories Closed.

(By Associated Press.)
PATERSON, N. J., Oct. 12.—The people of this unfortunate city are beginning to realize the extent of the great flood which began last Friday. Nearly two entire wards, taking in the manufacturing section, have been under water since that day. This morning thousands of men, women and children employed in different mills and factories found they could not go to work on account of those places being shut down. A great many of these people have also been driven from their homes and have neither food nor shelter. The heaviest damage in Paterson was to the manufacturers. At present it is impossible to give an accurate idea of the total loss, but conservative estimates are about \$2,000,000. To-day the water continued to fall and there did not seem to be any chance of further damage being done unless another severe storm should set in.

SEVERE WEATHER

City of Savannah Arrives in Haven With a Big List.
(By Associated Press.)
NEW YORK, Oct. 12.—Incoming steamers from European and coastwise ports to-day reported extremely severe weather during the last three days. The steamer City of Savannah came into port with a heavy list caused by her cargo shifting. She was compelled to proceed under reduced speed. Heavy seas broke over her bridge. The forward ventilators were swept away early in the storm, and the ship was smashed in and the water poured into the saloon. The City of Savannah carried in all fifty-four passengers.

The Ward liner Niagara also received some damage to her rails and decks. The Street Hill between Vine and Jackson, one of the steepest inclines in the city, is now impassable for many of the city's number.
